

**Bohemian Rhapsodies Piano
Trios by Smetana and Dvořák**

Oliver Schnyder Trio

Prospero PROSP0033

I am increasingly impressed by Prospero's approach to its releases.

Here is another polished product, with great artwork, colourful sleeve notes and top-notch recording quality. The trio seemingly feel every note in Smetana's grief-fulled G minor work, while the Dvořák really pops.
